

Add=Here Adhesive

- No ozone depleting chemicals
- Creates temporary or permanent bonds
- Fast, aggressive tack, low soak-in
- Colorless, water-proof and non-clogging
- Available in Net Wt. 16 fl. oz. Aerosol

Add-Here is a general purpose, pressure sensitive adhesive. You can use it on paper, cardboard, cloth, foil, sheet, glass, leather, foam rubber, urethane foam and many plastics.* Adhesive solids are essentially non-toxic and non-irritating.

Bare Metal Cleaner & Degreaser

- Non-flammable and non-conductive
- Leaves no residue
- Contains no methylene chloride
- Contains no 1,1,1 trichloroethane
- Available in 16oz aerosol , 1, 5 and 55 gallons

Bare Metal is ideal for metal fabricators, tool and die operations, and anyone who needs to clean metal. It removes grease, oil, wax, tar and other contaminants on tools, motors, bearings, generators, control panels, power tools and more. Just spray then wipe away the overflow, or simply allow it to dry.

Cutting Oil

- Formulated with high pressure additives
- No ozone depleting chemicals
- For drilling, cutting, sawing, tapping
- Available in 16 oz aerosol , 1, 5 and 55 gallons

A general purpose oil formulated to provide faster, easier machining. Compounded oil clings to metal and follows tool down. Pressurized spray forces cutting oil into hard-to lubricate areas.

No-Rust® rust preventive and inhibitor

- Non-silicone/non-wax
- Neutralizes fingerprint acids
- Self healing
- Available in 12 oz aerosol
- 1, 5 and 55 gallons and cylinder

The 1-step rust preventive that also contains a neutralizer, it is ideal for plastic mold protection. Accurate spray pattern concentrates protection in normally inaccessible crevices. Protects up to five years under normal conditions.

Penetrant Plus® Rust Preventive

- Non-silicone, PTE-based formulation
- Choice of spray or stream
- Dust free, Non-staining
- Harmless to most plastics, rubber, paint, etc.
- Available in 12 oz aerosol , 1, 5 and 55 gallons

Penetrant Plus lifts and replaces moisture with a mono-molecular penetrating film. It also frees rust-frozen parts and lubricates. It will not affect the performance of electrical equipment. Non-conductive, can be used to lubricate electronics

Plastic Cleaner with FOAMaction™

- No ozone depleting chemicals
- Safe on all plastics, no ammonia
- Cleans without leaving film or residue
- Non-flammable, water-based cleaner with low VOC's
- Available in 15 oz aerosol and canister of wipes

Plastic Cleaner uses foaming spray to effectively remove oil and dirt marks from all plastics. Just spray and wipe clean, then polish with a clean, dry cloth. Plastic Cleaner is ideal for cleaning plastic parts, and helps remove mold releases prior to secondary operations. It also works as a general purpose cleaner.

Silicone Spray Lube

- All-around lubricant
- Available in 16 oz aerosol,
- 1, 5 and 55 gallons
- Recognized by Underwriters Laboratories

Use on machinery of all types; especially recommended for sliding wood surfaces. Use for stainless steel and aluminum. Removes water spots. Approved as indirect food additive.

Super Grease Lubricant

- Contains no Chlorinated Solvents!
- Colorless, No silicones, won't wash out
- High operating temperature range
- Excellent dielectric, Contains PTFE
- Available in 16 oz aerosol and 3 oz tube

Repels water. Will not separate, run, fall out. Thixotropic properties provide excellent mechanical stability when sudden temperature changes occur. Clear, clean, non-yellowing grease. For injection molds, mold assemblies, medical and food grade plastic parts. Prevents corrosion.

Tap-It® tapping fluid

- Produces cleaner threads
- For reaming, dressing abrasive wheels, etc.
- Free of chlorine
- Made with natural oils
- Biodegradable
- Available in 16 oz aerosol, 1, 5 and 55 gallons

Effective for titanium, aluminum, alloys, beryllium-copper alloys, brass, bronze, chrome, magnesium, moly, stainless steel and stellite.

Veri-Kleen Contact Cleaner

- Will not harm rubber or paint, etc.
- Excellent contact cleaner and flux remover
- Ideal for circuit boards, tape heads, motors and a variety of metal cleaning applications
- No flammable ingredients
- Available in 12 oz aerosol

Veri-Kleen uses all EPA SNAP approved ingredients and is 100% VOC exempt. It has a very mild odor. Can be used safely on operating electrical equipment, leaving no residue after evaporating.
